C Serum	•	•	•	•						•	•	•	M or N
B3 Serum		•		•						•	•	•	M or N

\* For fine lines and wrinkles we recommend using either Replenish Day Cream or C Plus Cream in the morning combined with Rejuvenate Night Cream. Moderate to severe cases may also add C Serum underneath the day cream for extra effect.

<sup>1</sup> Many products will help reduce general hyperpigmentation but if targeting it specifically in moderate to severe cases combine Revitalise Daily Peel in the morning with Restore Brightening Cream at night. This combination is also effective with acne. If acne is moderate to severe apply B3 serum underneath Night cream.

<sup>2</sup> If client has particularly dry skin apply C Serum underneath Day Cream of choice.

<sup>3</sup> Only use on those experienced with mid to high strength Retinol products such as Rejuvenate Night Cream.
